

Coolers (60 quart/28" x 18" x 18" or smaller) are welcome at no additional charge. Glass containers, knives, alcohol, and restaurant-prepared food and beverages, such as boxes of pizza, fast food, and drinks from restaurants, gas stations, etc., are not allowed to be brought into the park.

Any coolers or food and beverages that exceed the maximum size will be assessed a \$30 fee.

For an added safety measure, ice must remain bagged until after your cooler has been checked. Team members must be able to see all items and to the bottom of coolers. Leaving ice bagged until after you enter the park helps our team members easily and quickly search your cooler. Options for ice include the following:

- **Keep ice in original packaging**
- **Place ice in bags, such as Ziploc**
- **Use cold packs**

One cooler, bag, or container of food allowed per ticket or passholder. All bags and coolers will be searched prior to entering the park. Any bag, cooler, wagon, or container with food and beverages is subject to a cooler fee.

### **Refillable Water Bottles**

Guests may bring plastic or metal refillable bottles inside the waterpark, provided they are empty and not glass.
